

# **MUSIC**

Diego Origlia

You keep on leading my life and soul  
Oh music  
You keep on leading my life and soul  
Deep in my heart

You keep on healing my life and soul  
Oh music  
You keep on healing my life and soul  
Deep in my heart

The struggle of my dreams  
The deepest pain I ever had  
The fight of all my fears  
This is the path I choose for you and me

And I will find the place  
Where my heart can reach a true joy  
And then will come the time  
Time to share the love I feel for you
